

Variable temperature range $-15^{\circ}\text{C}$ and $-25^{\circ}\text{C}$	Friendly-digital temperature displays
Efficient and environmentally-friendly refrigerants	White coated sheet steel housing
Forced-air cooling or static configuration	Interior light

Structural specifications

Internal and external structure data	
External material	white
Door material	steel
Internal material	commercial grade moulded
Controller data	
Temperature display	external digital
Key lock data	
Key lock	Options
Refrigerant gas data	
Type of refrigerant	R 600a FC free
Alarm security data	
Alarm type	Visual and audible high temperature

Model code variations

Interior volume	Temperature	Drawers	Cooling system	Description	Model code
70	$-15\text{...}-25^{\circ}\text{C}$	2	Static	70 liters, white external material and static configuration	G70
100		4	Static	100 liters, white external material and static configuration	G100
		3	Ventilated	100 liters, white external material and ventilated configuration	G100V
150		5	Static	150 liters, white external material and static configuration	G150
		5	Ventilated	150 liters, white external material and ventilated configuration	G150V
220		6	Static	220 liters, white external material and static configuration	G220
		5	Ventilated	220 liters, white external material and ventilated configuration	G220V
280		6	Ventilated	280 liters, white external material and ventilated configuration	G280V
320		7	Static	320 liters, white external material and static configuration	G320
		7	Ventilated	320 liters, white external material and ventilated configuration	G320V
360		8	Static	360 liters, white external material and static configuration	G360
		8	Ventilated	360 liters, white external material and ventilated configuration	G360V
400		8	Static	400 liters, white external material and static configuration	G400
		8	Ventilated	400 liters, white external material and ventilated configuration	G400V
